## **Description**

The Survivor 2, measuring 35.2 meters in length and 7.33 meters in width, is a luxury yacht made of fiberglass/GRP. Powered by 2 x MTU engines (2,640 hp each), it can cruise at a speed of 19 knots and reach a maximum speed of 25 knots, offering a cruising range of 1,250 nautical miles and a total range of 2,000 nautical miles. The vessel can accommodate 10 guests in 5 luxurious cabins and is equipped with 2 Kohler generators (70kW each) to ensure reliable electrical power. The Survivor 2 offers an exceptional sea experience, combining elegance and cutting-edge performance.

## **About the boat**

Step into a world of timeless elegance and modern design as you board the Survivor 2.

This yacht is bathed in natural light, creating an inviting and stylish atmosphere throughout. The interior decor is a testament to contemporary sophistication, featuring a tasteful color palette and premium materials that offer both comfort and refinement.

At the front of the yacht, a Jacuzzi awaits, providing the perfect spot to unwind while taking in stunning panoramic views.

The spacious interior ensures you have plenty of room to relax, socialize, and enjoy your journey.

From the comfortable cabins to the stylish communal areas, every inch of the Survivor 2 has been designed with your comfort and enjoyment in mind.

In short, the Survivor 2 is the epitome of luxury, offering a bright and modern interior, a front-deck Jacuzzi with a view, and ample space to make the most of your journey on the water.
